

# TOM: "DON'T CALL ON ME! I CALL YOU!"

**TOM IS NOT A CONVENTIONAL WASTE BIN.** He is just under 5' tall, smart, dutiful, quiet, a clean freak and compact, accepting up to 7 times more waste before the bag is full! TOM is a social creature, loves crowds and politely opens its shutter when approached. Another great feature is TOM Connect, a communication service that enables TOM to send a message when a new bag or maintenance is required! Malls, airports and other transportation hubs are perfect environments for the concept. TOM is strong in numbers and you benefit the most, when several units are strategically installed throughout your premises.  Visit TOM on Facebook: [www.facebook.com/TOMbyOrwak](http://www.facebook.com/TOMbyOrwak)

## TOM: "WHAT I CAN DO FOR YOU!"

- + Use time productively and let me take care of the waste. No more rounds on routine just to check on the bag; visit me only when I alert you!**
- + Less bags = more space & lower waste transportation costs**
- + Forget overflowing waste bins. I keep the place clean and inviting at all times!**
- + I save time, space and energy, and all of that saves you money.**

**I would like to join your team! Will you hire me?**
