

TOM JUNIOR

This version of TOM is developed specifically for environments with special demands on design. To fit in perfectly in your business, TOM Junior is covered with stylish wooden boards and the height is significantly reduced.

WOODEN BOARDS

This TOM is built into a case of wooden boards (MDF) with a beautiful smooth beech colored surface, which is resilient and easy to wipe clean on a daily basis. To further facilitate cleaning, TOM Jr is mounted on castors. Beech is the standard color and other options are on demand.

EXTRA LOW HEIGHT

TOM is already a compact size unit and in this version, we have reduced the height to only 1315 mm / 4' 4"! It means that TOM Junior is notably lower than the standard version and it provides excellent placement opportunities.

BUILT TO FIT IN HARMONIZES WITH YOUR DESIGN

DIMENSIONS						CAPACITY
WIDTH	DEPTH	HEIGHT	TRANSPORT HEIGHT INCL PALLET	MACHINE WEIGHT	POWER	COMPACTION RATIO
615 mm / 24.2"	695 mm / 27.4"	1315 mm / 4'4"	1620 mm / 5'4"	144 kg / 318 lbs	100-240 V, 50/60 Hz	Up to 7:1
