ORWAK MULTI 5070-COMBI

The ORWAK MULTI 5070-COMBI is a baler and an in-bin compactor in the same machine. It is a versatile all-round solution that takes care of both the bagged mixed waste and your recyclable packaging material.

BALE WEIGHT CARDBOARD

ORWAK BENEFITS

MORE PRODUCTIVE USE OF TIME

Less time spent on waste handling, more time for your core activities!

MORE SPACE & ORDER

Our balers rapidly minimize the space the waste takes up, keeping aisles free and tidy.

LESS COSTS, MORE VALUE

More compaction = less waste volume to transport. Fewer transports required results in lower transportation costs and reduced CO_2 emissions. Sorting at source yields a higher quality of waste material for recycling.

WHY ORWAK MULTI?

- Sorting and compaction of several waste types at source
- Top-loading of the material in open chambers
- Total freedom to increase capacity by adding additional chambers
